down the aisle and so we have embarked on a rapid fire wedding organisation to ensure this is possible on the 19th of September 2014.

As my future father in law, and the future grandfather of my children it is without reservation i ask wholeheartedly for leniency in the sentencing of Steve. After many deep conversations we have had together over the last 3yrs I know the last 5yrs have been a incredibly difficult time for Steve, with much soul searching – a trial in itself. After recently celebrating Steve's 70th Birthday with all his children, I believe Steve's is ready to move beyond this chapter in his life and move forward continuing his positive impact on his family and community. Losing Steve, even for a short period I know would be very, very hard on the family and a big loss to the community.

Yours Sincerely,

John Kenyon

John Kenyon.
